RESISTANCE

**DANPAL® COMPACT BRINGS
TRANSPARENCY WITHOUT LIMITS,
BRILLIANT LIGHT TRANSMISSION
WITH FLEXIBILITY OF
INSTALLATION AND CURVABILITY**

Glass-like appearance

Enjoy the appearance of glass together with all the advantages of polycarbonate.

Danpal® Compact is a 4mm thick solid panel that provides a 'glass-like' appearance, together with strength, insulating qualities, flexibility, curving ability, low weight and UV protection.

**Freedom to design spectacular glazed areas
of unlimited size and shape**

The Danpalon® standing-seam connection system allows architects complete freedom to design spectacular glazed areas of unlimited size and shape. The entire assembly uses no caulking or adhesives, eliminating the difficulties of sealant and adhesive bond failure common to traditional systems.

EXPAND YOUR CREATIVITY WITH GLASS-LIKE TRANSPARENCY

Brockman Street, Manjimup WA | Danpal® Compact | Shire of Manjimup

WHAT MAKES DANPAL® COMPACT UNIQUE IS THE STANDING SEAM CONNECTION METHOD AT THE HEART OF THE SYSTEM

The Danpal® Compact system consists of:

- Main transparent 4mm compact panels, 592mm wide, extruded with a vertical standing seam at both sides of the panel.
- A snap-on connector (aluminium or transparent polycarbonate) interlocking the panels.
- A transparent polycarbonate spacer profile. Its installed module width is 600mm. The system is free floating. Every component is free to thermally expand or contract at its own rate, maintaining the structural properties for the life of the material.

Polycarbonate connector

Aluminium spacer

Freespan bar

SYSTEM BENEFITS

- Codemark Certified system
- Pure transparency
- Lightweight
- Long panels, curvable on site
- Waterproof
- Easy installation
- Impact resistance

DISCOVER OUR RICH COLOUR PALETTE

Danpal® offers a rainbow of colours. From the purity of clear to warm hues and vibrant red, customers have the freedom to choose the colour and light transmission quality, creating any type of atmosphere.

SPAN CHART - ROOF INSTALLATION

Connector Type	Span (mm)
Polycarbonate	900
Aluminium spacer	1600
Aluminium structural spacer	2300
Freespan bar	4800

Design load 1 kPA (ultimate) 0.7 kPA (serviceable).
Deflection criteria span / 50. Consult Danpal® for any other situations.

TECHNICAL FEATURES

	COMPACT
Structure	Compact (SOLID)
Thickness (mm)	4
Module (mm)	600
Length*	Standard up to 12 m
Fire resistance	AS 5637.1:2015 Group 1
U value (W/m²K)	5.2
Slope (for skillion roofs)	5 degrees
Minimum radius for cold curving	2.9m**
Stability in seismic zone	On request
Digital printing	Can be applied under specific conditions Please contact us for further details
ISO certifications	Manufacturer certified ISO 9001 & ISO 14001

* Can be longer upon request

** Tighter curves can be achieved using heat forming or other special fabrication procedures. Contact Danpal® for more information.

ABOUT THE COMPANY

Innovative light architecture systems for building envelopes

Danpal® are creators of exceptional light-transmitting architectural systems for building envelopes, providing optimal solar and thermal comfort.

For over 30 years, our innovative systems have helped architects to transform light (both natural and artificial) into a powerful and versatile tool, for architectural creations that are internally and externally radiant.

An industry visionary, Danpal® are originators of the Danpalon® translucent panel standing seam system - a light architecture solution used around the world in commercial, education, transport, health, sports and high-tech projects.

Today, the company offers complete systems - providing total solutions for the building envelope. Danpal® designs, manufactures and distributes an unmatched range of daylighting systems for all types of building requirements - from facades, cladding, roofs, skylights, shading, to interior and outdoor applications.

Danpal® systems are built around innovative technologies, deep architectural know-how and the ever evolving needs of our clients. Operating in five continents, Danpal® inspires architectural creativity with its rainbow of light architecture solutions.

Danpal® Compact is an integral part of Danpal's range of systems - giving you a complete solution
